Sharing Our Cree Language Tool Kits

The forum provides opportunities to network with language teachers and instructors. The focus is to enhance your own teaching repertoire with locally developed, published or SMART board and audio/video resources to be shared between colleagues.

The resource sharing day includes:

- Small group sessions on using: TPR, games, music, picture sets, multi-media...all fun activities.
- Launch of the Blue Quills Cree language Interactive On-Line Database.
- Applying new strategies, tools and techniques to help revitalize and regenerate the Cree language.
- Enhancing your own or use these activities for your students' language speaking abilities.
- Bring your locally developed Cree resources on a memory stick or in a folder/binder to share with others (copying provided on site).

Registration Fee: Free
includes lunch and refreshments

Dates and Times: April 30, 2010 9:30—3:30 pm
