Look Mom! I'm Learning to Use Final Cut Pro with Brice Unland

Tuesday, March 16, 2010
4:30 pm to 5:30 pm
Please log on at 4:00 pm to do your mic & speaker test!
\$20

ABOUT THE SESSION:

This webinar will focus on the basic layout and workflow of Final Cut Pro. Knowledge learned in this course will transfer over to most other video editing programs with a few simple changes. Being able to use and demonstrate a video editing program in CTS is as integral as being able to use and demonstrate a CAD program. Learn the basics, ask questions, and become familiar and confident with Final Cut Pro.

ABOUT THE FACILITATOR:

Brice Unland is a Media Production and Social Studies teacher at the high school level. He has pioneered and created three separate CTS options in his district, Robotics, Claymation, and most recently Media Production. His focus is on making technology and its use meaningful and relevant to students. By exploring new and creative avenues in the CTS curriculum, he hopes more students will find their talent and pursue nontraditional careers.
