Bio

Making sense of the use and abuse of concrete materials, understanding the importance of visual, spatial reasoning for the development of number sense, problem solving skills, and learning to ask good questions are four areas that greatly intrigue Jackie. Jackie currently works as an independent consultant and instructional coach to teams of teachers, over the past 18 years, in a number of districts across the province. Her work is focused on unpacking the Alberta Program of Study in ways that honor and value its intent of a student centered approach to learning, which allows each student to become capable and responsible for their own learning.

Focus Areas

- Coordinate and strengthen mathematics leadership
- Build understanding of effective mathematics instruction
- Support collaborative professional learning
- Design a responsive learning environment
