### Program

In this session we will explore how Google Suite can improve efficiencies within a school division administration office environment. The session will begin with a large group discussion followed by individual or small groups sessions to further explore how to integrate Google suite into the current workflow.

This learning opportunity is being offered through a grant from Alberta Education.

### Presenters

**Robert Tymofichuk**

**Robert Tymofichuk** works as a Technology Coach and IT Coordinator for St. Paul Education Regional Division #1. Most of the work he does as a Technology Coach is in a job embedded capacity, where he works with staff on an individual basis in their classrooms. He finds out what curriculum they are teaching, how they are teaching it and helps them with a technology that supports their lessons.

## Registration Notes

Includes a continental breakfast and lunch.
