About the Session:

As Alberta Education moves forward in the curriculum-development process, we are re-examining how we provide professional learning opportunities and information to our stakeholders. In the past, Curriculum Coordinator meetings provided system leaders with updates about Alberta Education's direction and objectives. Based on feedback we received about the effectiveness of the Curriculum Coordinator meetings, as well as the need to support the implementation of the new curriculum, we have worked closely with the Alberta Regional Professional Development Consortia (ARPDC) to develop a new approach to these meetings and have given them a new name. The new name is "Leading Curriculum Learning" workshops. Alberta Education is working in partnership with ARPDC to co-host the Leading Curriculum Learning Workshops.
