Program

About the workshop:

- Power Point presentation on Lego social skills origin and the population it serves
- Interactive group activity on understanding the signs and symptoms of common mental health disorders/social deficits
- 15 min break
- Power point presentation on the Lego social skills group format "how to set up your own program"
- 30-60 min lunch
- Building with Lego group activity "understanding the group process of Lego Social Skills"
- 15 min break
- Role play activity "managing the challenges of specific behaviours"
- Q&A and wrap up.

Participants will: —

- 1) Understand nature of social abilities and disabilities,
- 2) Learn how and why LEGO®-Based social groups are successful with children with various social needs,
- 3) Learn about the development and current status of LEGO®-Based social skill groups and

4) Understand how to begin a LEGO®-Based group on your own and how to grow your program

This learning opportunity is being offered through a grant from Alberta Education.

Presenters

Dyan Eybergen

Dyan Eybergen is a Registered Nurse with extensive experience working in child and Adolescent Psychiatry. Dyan received an undergraduate degree in the study of Psychology from the University of Waterloo; a diploma in Health Sciences from Cambrian College and an Advanced Studies in Mental Health Certificate from Mount Royal University, Alberta.
