## Program

Christine will spend the morning with you reviewing the principles of Introductory Guided Math and begin to investigate strategies and practices for the online delivery of the same. As opposed to spending the time on specific curricular outcomes, she will as well be guiding the conversation to align the information shared with the Alberta Education Numeracy Progressions

<https://education.alberta.ca/media/3402196/num-progressions.pdf>

## Presenters

### Christine Michalyshen

Christine Michalyshen is a math consultant in Frontier School Division, the largest geographical school division in Canada. She travels to remote northern communities where she provides high quality math coaching and professional development to teachers. Christine has specialized in mathematics instruction for the past 24 years, with an emphasis on the middle years. Recently she has been sharing her passion for mathematics and

teaching in kindergarten to grade nine classrooms using the Guided Math Framework. Christine is the only accredited Laney Sammons Guided Math Consultant in Canada. She is successfully implementing the Guided Math Framework in her school division to meet the diverse needs of her students.
