### Program

We are always looking to expand the resources we have on hand to help engage our students in a variety of social emotional learning objectives. This workshop is a great opportunity to share our favourite resources as well as to discuss which resources may not have worked out for us in the past. It can also be challenging to determine what tools and resources are most appropriate for certain age groups or how to adapt a tool or resource for a specific population. We will take time to review many of the activities we have discussed throughout this workshop series and see what may be working well, what needs some potential change, and how to best adapt the various tools to different ages and populations.

This learning opportunity is being offered through a grant from Alberta Education.

---

### Presenters

**Sheldon Franken**

Sheldon Franken has a B.Ed in Physical Education and a M.A. in counselling psychology. He is a school counsellor for the Vancouver School Board and the workshop facilitator and owner of Inquiry Adventures. Sheldon has presented workshops and Keynotes on various social-emotional learning and experiential education topics to educational and wellness organizations across North America. Sheldon is known for his hands-on and active style of presenting and for proving participants with practical strategies and tools they can use in their practices immediately.
